Emerson & Cuming Microwave Products Announces New Representative Firm, Disman Bakner Northwest

Randolph, MA – July 15, 2010-- Emerson & Cuming Microwave Products has signed on Disman Bakner Northwest, which will serve as the exclusive sales rep to cover Pacific Northwest states of Washington, Oregon, Idaho, and Montana as well as the provinces of British Columbia, Alberta, Saskatchewan, and Manitoba in Western Canada.

Disman Bakner Northwest is headed up by Brian Dailey and has been in business serving the RF/Microwave market since 2005. According to Mike Plante, Vice President of Sales and Marketing, *“Disman Bakner Northwest was a natural choice for us since Disman Bakner represents our line in Northern California and Northern Nevada. They also represent a strong RF/microwave line card that includes Mini Circuits, a real advantage if you are selling microwave materials like we do.”*

Disman Bakner Northwest’s main office is located at 2243 275th CR SE; Sammamish, WA 98075. Phone: (800) 347-3010. URL www.dbsales.com/northwest_homepage.htm

Emerson & Cuming Microwave Products, Inc., an ISO 9001:2008 company is a world leader in the development and manufacturer of ECCOSORB[®], microwave absorbing materials and anechoic chambers; ECCOSTOCK[®] dielectric materials for low loss RF and microwave applications; ECCOSHIELD[®] electrically conductive sheets, caulks, adhesives and coatings; and MetalTag[™], metal mount RFID tags, for read on metal and liquid applications. Emerson & Cuming Microwave Products, maintains manufacturing facilities in Randolph, Massachusetts (US) and Westerlo, Belgium.

For over 60 years, the company has produced leading edge materials and engineered solutions for the wireless and satellite communications, military and aerospace, automotive, RFID and medical markets. For additional information, contact the company in North America at Tel: 1-800-650-5740 or 781-961-9600; in Europe at Tel: +32-(0) 14-56 25 00; or point internet browsers to www.eccosorb.com.
